Our Mission

At Children Summer Funtastic Day Camp, we offer children a fun and memorable summer time. We also teach them the Word of God which helps them to develop God-like characteristics and values. We believe that these characteristics and values are key in building healthy families which is beneficial to both children and parents.

This is our 17th year in organizing camps for the community. Our committed and enthusiastic camp leaders are looking forward to offer your family our best summer camp ever this year.
